1. Traps wreak extreme suffering on animals for days, causing many to chew off their paws or limbs.
2. Traps are set in Parks, Wildlife Refuges, Public Lands and near Trails putting people and pets in danger.
3. Trapped animals are tortured with no standard to method of killing or time limit causing mental and physical suffering.
4. Less than .02 percent of US traps, about 200,000 people. Trappers trap for recreation and the fun of killing.
5. Traps are indiscriminating, killing everything that comes within the traps grasp. For every animal reported trapped for fur there is as high as two animals or birds unintentional trapped including Bald Eagles, Dogs, Cats, Endangered Species and no reporting is required.
- 6.SSS- Shoot, Shovel and Shut Up is what trappers do when a dog or endangered species is caught to avoid public awareness.
